- 70-414-W 8-Wire, White

MODULAR SURFACE JACK ASSEMBLIES

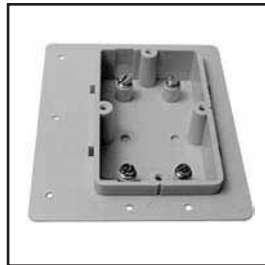

Single or dual surface mount modular jack assemblies.

- 70-560 Single 4-conductor, 6-position
- 70-564 ... Dual 4-conductor, 6-position

70-521 WALL STUD TELEPHONE TERMINAL BLOCK

For new construction. Attaches to Wall stud.

New Item

70-480 WEATHER RESISTANT SERVICE ENCLOSURE, UTILITY BOX

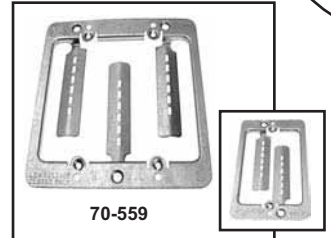

This box is perfect for telephone and CATV cable entry point distribution or other cable management needs. Provides a secure and protected environment for all types of electronic devices. 2 piece construction with removable lid. Foam dielectric wire grommets for easy exterior wire passage, provides a sealed closure around cables, keeping out moisture and pests. Construction: high density polyethylene plastic, padlocked eye for added security. Color is light grey. Size: 10½"(H) X 4"(D) X 6¾"(W)

BOTTOM CABLE PORTS

70-558 SINGLE GANG 70-559 DUAL GANG EZ MOUNT PLATE

Comes with two mounting screws.

70-559

70-553 FLUSH MOUNT WALL BRACKET

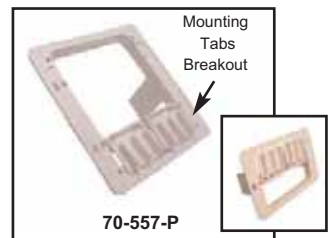

Bracket with bendable tabs for a standard size telephone wall plate. Standard wall opening.

FLUSH MOUNT PLASTIC WALL BRACKET

Single or Double gang flush mount bracket with adjustable locking mounting tabs

- 70-556-P Single Gang
- 70-557-P Double Gang

Mounting Tabs Breakout

70-557-P

New Item

70-568 FLUSH MOUNT PLASTIC WALL BRACKET

Single gang, plastic flush mount bracket with adjustable/locking mounting tabs. Color is Black

70-569 Dual Version

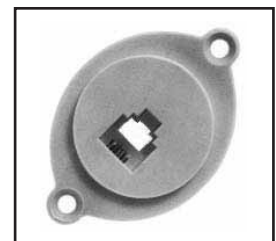

Double gang version provides a large open area behind the wall plate for volume controls and other A/V products to mount in.. Color is Black

70-569

70-486 OVAL FLUSH JACK ASSEMBLY

Assembly is a complete installation package for flush mounting a single modular telephone station outlet in any standard electrical outlet box. Screw terminals. 4-conductor.

70-487 MODULAR TELEPHONE JACKS

Ivory modular jack designed for surface mounting on walls or baseboards where external wire is necessary. 4-conductor.

70 Series - Telephone Accessories

MODULAR "T" ADAPTER

Converts single modular jack into two modular jacks.

- 70-405..... 4-Wire to 4 & 4 Std, Ivory
- 70-405-W ..4-Wire to 4 & 4 Std, White
- 70-424...female 8-Wire to 4 & 4 Male, Ivory
- 70-425..... 6-Wire to 6 & 6 Male, Ivory
- 70-423..... 8 wire, Ivory

70-493

5-WAY "T" CONNECTOR

Modular line cord with multiple phone "T" connectors. 1 male to 5 modular females, 4 conductor, Cable Length = 14 ft.

70-555

ANSWER MACHINE DISCONNECT

This adapter automatically disconnects answering machine when any phone plugged into this adaptor is picked up.

70-409

RETROFIT PLUG

Designed for use in connecting conventional telephone base cord with modular jack. Screw terminals.

70-489

TWO LINE SPLITTER

Contains one six-position, four conductor modular plug, and two six-position, two conductor modular jacks. It is used to split two lines from a single modular jack to two individual jacks.

MODULAR "T" CONNECTORS

(1) modular female line cord type to (2) modular females for connecting line cords.

- 70-494 4-Wire
- 70-494A 6-Wire

70-417

THREE-WAY "T" ADAPTER

Three way "T" adapter. 3 phone devices to same line.

MODULAR

CORD COUPLERS

Allows two modular line cords to be connected together.

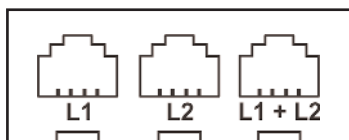

- 70-498handset coupler, Ivory
- 70-408 4-wire for voice, Ivory
- 70-408-W. 4-wire for voice, White
- 70-407 6-wire for voice, Ivory
- 70-407-D6-wire for data, Ivory
- 70-532 8-wire for voice, Ivory
- 70-532-D.....8-wire for data, Ivory

70-539

THREE-WAY TEE

Three way "T" adapter for two lines. Has jacks for line 1&2, and a jack that combines line 1&2.

70-554

HANDSET WIRE DETANGLER

Connects to handset for tangle-free cord use. Overall length 2.25".

CALRAD

70 Series - Telephone Accessories

70-650 DSL SINGLE LINE MICRO FILTER

Provides uninterrupted DSL service and crystal clear conversations. Sharing a DSL connection with analog telephones may cause interference. 2 Wire DSL filters eliminate all interference between DSL line and analog telephone lines. The result is clear, clean lines for your telephones, fax machines, answering machines, caller ID and analog modems. All 2 Wire DSL filters also ensure that telephones never cause the DSL modem to adjust to the changing conditions of your DSL connection (Called retraining), which could hinder your internet access speeds. FCC approved. Male to female RJ11. Overall length of 7". Color is off-white.

70-513 TELEPHONE LINE AND HANDSET TESTER

For testing line continuity and handset operation. Uses 9V battery (not included).

70-651 DSL LINE SPLITTER WITH SURGE PROTECTION AND DUAL MICRO FILTERS

Device splits the line to a DSL modem connectin and a analog telephone connection. Separate RJ11 female line, telephone and modem jacks. Comes with 2 mounting screws.

Size: 3"L x 2.4"W x 1.09"H.
Color is off-white.

Complete DSL Filtering for
the entire house

80-566 MINIATURE TELEPHONE PICK-UP COIL

Suction cup type, attaches to phone permitting both ends of a telephone conversation to be recorded with no wiring necessary. Has 3.5mm miniature plug.

70-392 "JELLYBEAN"- STYLE TELEPHONE & ALARM INTERCONNECTS

Also known as maggots, Chiclets, beans and roach rubbers, B-wire connectors. By using wire penetrating teeth you don't have to strip off the insulation, making it easy to splice together several wires. High-impact polycarbonate housing with thick .355mm phosphor bronze contacts. For use with 22-26 awg. wires.

70-392-25 25 Pcs.
70-392-100 100 Pcs.
70-392-1000 1000 Pcs.

70-491 SECURITY VOICE BOX MODULAR WALL JACK

8-Pin Female modular voice box connector. For alarm reporting devices, with 4 shorting bars.

70-392J "JELLYBEAN"- STYLE TELEPHONE & ALARM INTERCONNECTS

Gel filled type jellybean connectors also known as maggots, Chiclets, beans and roach rubbers, B-wire connectors. By using wire penetrating teeth you don't have to strip off the insulation, making it easy to splice together several wires. High-impact polycarbonate housing with thick .355mm phosphor bronze contacts. For use with 22-26 awg. wires.

70-392J-25 25 Pcs.
70-392J-100 100 Pcs.
70-392J-1000 1000 Pcs.

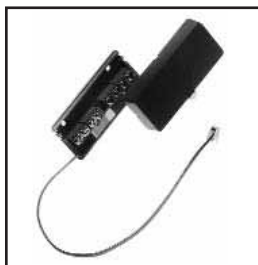

70-512 INDOOR/ OUTDOOR EXTENSION TELEPHONE RINGER

An alternate to a second phone, weatherproof ABS plastic casing. Built-in modular jack for easy installation. Loud mechanical ring.

70-422
WIRE JUNCTION BLOCK
With this junction, you can add telephone extensions by running up to (4) wires to different parts of your home.

UG GEL-FILLED CONNECTOR

70-394-25.....red, 3 port, 25 Pcs
70-394-100.....red, 3 port, 100 Pcs
70-394-1000.....red, 3 port, 1000 Pcs
70-395-25.....yellow, 2 port, 25 Pcs
70-395-100.....yellow, 2 port, 100 Pcs
70-395-1000.....yellow, 2 port, 1000 Pcs
Allows direct bridging onto existing cable conductor without service interruption. Water displacing jelly is used to minimize moisture penetration that could corrode the wiring. Available in two or three port versions. Works with 19-26 awg. wire. Packaged in 25 or 100 quantities.

70 Series - Telephone Accessories

70-393

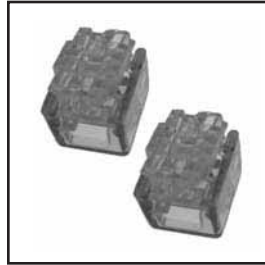

UB GEL-FILLED CONNECTOR

Permits tapping directly into existing cable conductor without service interruption. Position and pre-crimp feature prevents conductor from slipping prior to final crimp. Water displacing jelly is used to minimize moisture penetration that could corrode the wiring. Works with 19-26 awg. wire. Packaged in 25 or 100 quantities.

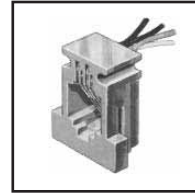

70-393-25.....25 pcs.

70-393-100.....100 pcs.

70-393-1000.....1000 pcs.

70-500 (616W)
Modular handset female chassis jack, 4-position, 4 wires with lugs. For use in handset.

70-501 (616B)
Same wiring as 70-500, but has larger casing. For use in base for handset connection.

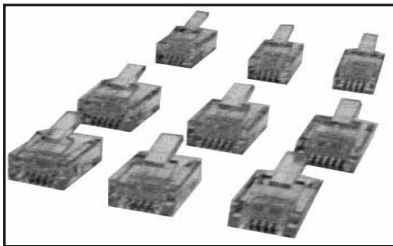

70-502 (616C)
Modular handset female chassis jack, 4-position, 4 wires with lugs. For use in handset.

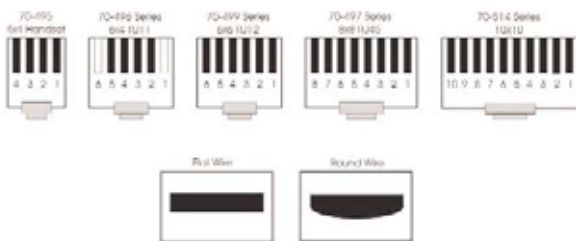

MODULAR PLUGS

Modular plugs to use on end of flat or round modular cable.

70-495	Handset Type (10 pkg.)
70-496	RJ11 Line Cord Type (10 pkg.)
70-496R	4-pin for round cable
70-496R-UL	4-pin, round stranded, UL app.
70-497	RJ45 8-pin Type (5 pkg.)
70-497R	8-pin for round cable
70-497R-UL	8-cond, round, UL app.
70-497-RS-UL	8-cond, round, solid UL app.
70-499	RJ12 6-pin Type (10 pkg.)
70-499R	6-pin for round Cable
70-499R-UL	6-pin, round stranded, UL app.
70-514	10 conductor tel./data plugs
70-514R	10 conductor for round cable
72-497R-25	8-pin for CAT 5e (25 pkg.)
72-497R-100	8-pin for CAT 5e (100 pkg.)
72-498R-25	8-pin for CAT 6 (25 pkg.)
72-498R-100	8-pin for CAT 6 (100 pkg.)

R = Round stranded
RS = Round Solid

TELEPHONE CABLE CRIMPING TOOLS

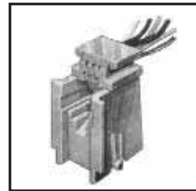

Crimping tools for installation of line cord plugs on modular cables. Also strips outer covers.

70-516 4-wire handset & line (plastic)

70-549..... 10-conductor

70-550..... 8-wire

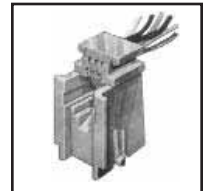

70-551..... 4 & 6-wire

70-503 (623D6)
Modular line cord female chassis jack. 6-position, with 6 wires and lugs. For use in phone base.

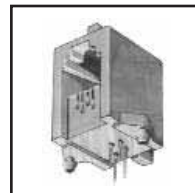

70-504 (623P6)
Same as 70-503, but has smaller casing. For use in phone base.

70-505 (623D4)
Modular line cord female chassis jack. 6-position, 4 wires and lugs. For use in phone base.

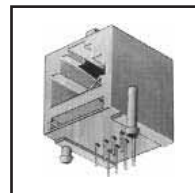

70-506 (623P4)
Same as 70-505, with smaller casing.

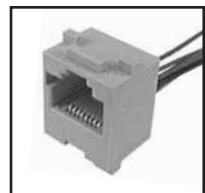

70-508 (616PC)
Modular handset chassis jack. 4-position, 4-pin, PC mount. For use in phone base.

70-509 (623PC)
Modular line cord chassis jack. 6-position, 4-pin, PC mount. Use in phone base.

70-510
Modular female chassis jack. 8-position, 8-pin, PC mount.

70-511
Modular female chassis jack. 8-position, 8 wires and lugs. For 8 conductor cable equipment.
