### Control Module Rectifier

Type	Device	Contact Size	Number of Poles	Catalog No	Price \$
CLM	CLM†C to CLM†F	30-200 Amps	All	CLMKCMR	149.

①Coil kits for 20 amp CLM contactors include the coil clearing auxiliary contact.

②Discount Code: Lighting and Heating.

③For 30-200 amp CLM contactors, in the event that either the coil or the control module fails, it is recommended that both be replaced.
