

3RH11 Control Relays

Side clearance from earthed parts = 6 mm

2) Auxiliary contact block
3) Surge suppressor
4) Drill pattern

3RH11 contactors with overload relay and auxiliary contact block

3RP1 Timing Relay

1 inch = 25.4 mm
mm ÷ 25.4 = inches
mm × .03937 = inches

3RP10 time relay

3RP15 time relay
1 SPDT contact without auxiliary voltage, two-wire version, clock-pulse relay

3RP15 time relay
1 SPDT contact with auxiliary voltage, 2 SPDT contacts

1) Push-in lug for panel mounting.
2) Sealable cover.
3) Coding plug (3RP10) or label (3RP15).
4) Drilling schematic.
